JUSTWORLD MISSION

JustWorld International is devoted to breaking the cycle of poverty by funding partners around the world helping children thrive.

A TRANSFORMATIVE YEAR

A LETTER FROM MEI MEI NEWSOME, JUSTWORLD EXECUTIVE DIRECTOR

Fiscal year 2017-2018 has been a pivotal year in the development and growth of JustWorld. Through the leadership of Founder Jessica Newman, JustWorld celebrated fifteen years of transforming children's lives around the world, a major organizational milestone.

I am incredibly humbled and honored to have the opportunity to step into the role of Executive Director. I am lucky to be joining a fantastic team and an inspiring community of supporters. With this position, my priority will be to strengthen the governance of JustWorld by promoting a collaborative and engaged board of directors while working closely with the JustWorld team to ensure sound and transparent practices of the organization.

In January 2018, my first duty as JustWorld Executive Director was to announce the JustWorld portfolio expansion. Last year JustWorld expanded support to include a pilot program in Belle Glade (Palm Beach County), Florida. Reading rates in Belle Glade are well below the state average. After evaluating the

success of the pilot project, StoryBook Treasures will join as the first domestic partner organization in the United States.

There have been many exciting changes and expansions at the projects JustWorld supports. People Improvement Organization (PIO) in Cambodia finished construction of their third new school building and the mobile library project doubled its reach, bringing educational activities to more than 5,000 children in Tegucigalpa, Honduras. JustWorld's partner in Guatemala finished their bakery project, which will be invaluable to the teenagers and young adults participating in vocational training at the school, preparing them to be responsible citizens and giving them the tools to start their own local businesses.

JustWorld proudly welcomed many new supporters this year. The number of our corporate and foundation sponsors grew and the JustWorld Ambassador program expanded as well. Hundreds of active professional, amateur, and junior equestrians from the show jumping, dressage, and polo communities are serving as JustWorld Ambassadors, raising critical funds and awareness of the powerful JustWorld programs.

It is with great pleasure that I invite you to read about the 2017-2018 accomplishments. The support JustWorld has from around the world is what makes it possible to continue to grow, serve and empower more students.

A handwritten signature in black ink, reading "Mei Mei Newsome".

EXECUTIVE DIRECTOR,
MEI MEI NEWSOME

It is not beyond our power to create a world in which all children have access to a good education.

NELSON MANDELA

THE JUSTWORLD APPROACH

Education builds human capital, which translates into economic growth and the pathway out of poverty.¹

Education enables upward socioeconomic mobility and is a key to fracturing the cycle of poverty. However, the limited resources that are available in impoverished communities often restrict the quality and relevance of education. While education is often free in these areas, the means to attend are not. Uniforms and school supplies are required for attendance; materials that parents simply cannot afford. Many children living in the communities JustWorld serves come from families who struggle to maintain basic needs.

In line with the United Nations' Sustainable Development Goals, JustWorld works with partner organizations to provide the resources necessary to address gaps in education. Research tells us that education alone is not the solution. Poor health prohibits children from attending school as they don't have access to proper nutrition or basic healthcare services. Because these elements are interconnected, JustWorld provides a holistic approach for students to have the greatest chance of success.

JustWorld promotes health by providing nutritious meals and snacks, which are often the only sustenance students receive. This helps mitigate preventable health disparities, including malnutrition and stunting. JustWorld also promotes health by supporting organizations which provide access to sanitation, clean water and basic services such as check-ups, preventative care and prescribed treatments.

JustWorld is focused on creating a more just world for children globally. When children are able to pursue an education, they are able to build human capital and gain access to a wider range and higher level of job opportunities. With sustainable incomes and economic growth, these students and future generations will be better equipped to succeed in meeting their needs and those of their communities. With your help, JustWorld is changing their lives.

THEORY OF CHANGE

IMPACT

Our impact has local and global reach. We empower people at home and abroad with the tools and resources to lead meaningful change for children who need our help.

JustWorld currently supports partner organizations in Cambodia, Guatemala, Honduras and the United States. JustWorld conducts a thorough vetting and evaluation process to ensure that supported programs are both effective and efficient. Relationships with organization leaders, site visits, quarterly reporting and virtual meetings ensure accountability so that JustWorld-funded programs continue to transform young lives for many years to come.

JUSTWORLD PILLARS OF SUPPORT

EDUCATION

Low educational attainment leads to greater barriers to earning potential and employment later in life as well as increased rates of adverse health outcomes. Approximately half of the population in Cambodia, Honduras, and Guatemala does not complete primary education or enroll in secondary school. Public education in the communities where JustWorld works is free; however, students cannot attend if they cannot afford their uniforms, books, school supplies, or additional expenses such as study fees. These financial challenges, along with the loss of income if a child attends school instead of working, results in high dropout rates. These factors coupled with the lack of trained teachers, inadequate learning materials, oversized classes and poor sanitation facilities make learning difficult for many students.

JustWorld removes the financial barriers for children and their families to give them the opportunity to study with qualified teachers, develop their skills, and create more opportunities for themselves in the future.

- JustWorld helped fund the building of a new school to keep more children off the streets and in classrooms for longer hours. With the expanded infrastructure, new classrooms were added as well as computer technology.
- JustWorld helped educate 6,500+ students.
- JustWorld provided salaries for teachers at partner schools in Cambodia and Guatemala.
- JustWorld funded educational staff to provide literacy programs through the mobile library, community libraries, and schools in Honduras and the United States.

NUTRITION AND HEALTH & HYGIENE

Malnutrition is the number one risk factor driving death and disability in Cambodia, Guatemala, and Honduras. To prevent health disparities for the vulnerable children JustWorld serves, hot, nutritious meals and snacks are provided to the students. For some of these children, it is the only sustenance they may receive. The most vulnerable children come from impoverished areas that lack access to clean water, sanitation services and basic preventative measures. JustWorld supports safe hygiene and sanitation practices, and public health education, as well as access to basic health services.

- JustWorld served 200,000+ balanced, nutritious meals.
- JustWorld served 10,000+ snacks.
- JustWorld distributed 85,000+ pounds of rice for families.
- Clean water and sanitation was provided to schools serving 900+ children.

LEADERSHIP AND CULTURAL DEVELOPMENT

Research indicates that youth who are surrounded by a variety of opportunities for positive encounters engage in less risky behavior. Hundreds of children at the JustWorld partner organizations participated in artistic activities focused on leadership and cultural development programs. The JustWorld programs promote positive growth for children and teens by providing opportunities to learn new skills, fostering positive relationships, building self-esteem and creating a healthy outlet for self-expression.

- JustWorld-supported partner organizations offer children the opportunity to engage in leadership and cultural development programs, including:
 - + Art, painting and drawing, music, theater, band, percussion, dance, and more, as well as presentations and festivals where students shared and performed what they learned.

JUSTWORLD PORTFOLIO

CAMBODIA

PEOPLE IMPROVEMENT ORGANIZATION
PARTNER SINCE 2004
650 STUDENTS SUPPORTED

Phymeane Noun, Founder and Director of People Improvement Organization (PIO) in Cambodia, has made education a possibility for countless impoverished children living in a municipal garbage dump. The average child in Cambodia only receives five years of schooling. JustWorld currently funds the operational costs for children Kindergarten-Grade 6. This funding provides qualified teachers, educational materials, daily lunches, and rice allotments for families as an incentive to keep their children in school. Nutrition is a vital component of the program as 32% of children under five are stunted in Cambodia.

2017-2018 HIGHLIGHTS

- All Grade 6 students passed their high school entrance exams.
- More than 6,000 workbooks and textbooks were purchased, ensuring students are prepared to attend school.
- More than 161,000 nutritious meals were served at PIO's schools.
- JustWorld continues to fund the monthly distribution of rice to families to encourage them to send their children to school. Families received more than 85,000 pounds of rice.

“JustWorld has impacted the children of Phnom Penh immensely by making education a reality. From the continued support from JustWorld, the graduation rate at PIO has reached 100%, outperforming many state schools. Hundreds of children are now passing national exams, excelling in English, and entering high school and university or obtaining jobs.”

PHYMEAN NOUN, FOUNDER OF PIO

HONDURAS

ASOCIACIÓN COMPARTIR

PARTNER SINCE 2003

5,700 STUDENTS SUPPORTED

“When I think of JustWorld, I think of inclusion, opportunity, and justice. JustWorld makes the world just for boys and girls in Honduras. The JustWorld project is the best gift you can give to boys and girls [here]. This is reflected in the change within participants. The children like reading a lot more than when they first start and see it as something fun.”

NELSON, MOBILE LIBRARY LEADER

JustWorld partners with Asociación Compartir to provide a mobile library for children in Tegucigalpa, which is the capital of Honduras. In a country where 34% of young girls and 41% of young boys are out of school following their primary education, the work of the JustWorld Mobile Library program is critical. Through the mobile library, which travels 100 miles to remote towns each week, JustWorld helps to develop youth literacy and self-expression while providing access to books, reading programs, tutoring, music, theatre and art programs.

JustWorld also supports community libraries in the southern-central areas of Honduras which provide reading programs and tutoring to thousands of children.

2017-2018 HIGHLIGHTS

- This year, the Mobile Library reached 5,700 children in 10 different remote locations that would not have had access to books without the support of JustWorld. Close to 1,000 books were added to the library, enhancing access to a wider collection of reading material.
- Each Mobile Library group receives a nutritious snack to provide the necessary nutrients for proper growth.
- Approximately 4,500 children visit the community libraries each quarter to receive help with their homework, gain access to books, and use the internet for research assignments.
- Through the arts program, students participated in workshops to learn drawing and painting, theater, band, percussion, folk dance, and to play the recorder and guitar. Students who participated in the arts workshops are now teaching the band and folk dance classes, sharing what they learned with other students.

GUATEMALA

LOS PATOJOS

PARTNER SINCE 2008

250 STUDENTS SUPPORTED

“What started as an idea to open up my home as a community center is now leading to more opportunities that would not have been possible without the help of JustWorld. Los Patojos is transforming not only the children of Guatemala, but entire families as well. As we expanded this year, we are able to provide powerful tools for future leaders to learn skills necessary to graduate, attend university and obtain careers.”

**JUAN PABLO ROMERO FUENTES,
FOUNDER OF LOS PATOJOS**

More than 70% of Guatemala’s population is under the age of 40 and most of the difficulties obtaining jobs are due to a lack of education. Juan Pablo Romero Fuentes developed Los Patojos in order to prevent youth from engaging in at-risk behaviors, including gang involvement, drug dealing and illegal activities that continue to plague a country recovering from a civil war. His goal is to create more opportunities for youth so they do not have to cross the border in search of work.

Los Patojos offers hope and opportunity for the entire community of Jocotenango, Guatemala. JustWorld has helped build and fund an accredited educational institution for hundreds of students in Pre-Kindergarten-Grade 9, including daily nutritious meals, arts programs and the doctor’s salary. At Los Patojos, students can study, develop valuable skills, and learn how to start their own businesses. New job opportunities will arise as a result, strengthening the community and the country.

2017-2018 HIGHLIGHTS

- This year, for the first time, Grade 9 was offered, extending the level of support to vulnerable teenagers at higher risk of teenage pregnancy, gang involvement and other illicit activities.
- Guatemala has the fourth highest rate of chronic malnutrition in the world. With JustWorld funding, the Los Patojos nutrition program has grown from serving a single slice of bread and a cup of milk per day to daily, hot, balanced meals. JustWorld provided more than 47,000 meals, ensuring students received the nutrients they needed to prevent health disparities related to malnutrition. With better nutrition comes fewer illnesses among the students and greater academic progress.
- JustWorld funded the municipal water supply which provides clean water for WC’s, showers, and cooking, ensuring proper sanitation practices and preventing diseases related to contaminated water.

UNITED STATES

STORYBOOK TREASURES

PARTNER SINCE 2018
100 STUDENTS SUPPORTED

The StoryBook Treasures supplemental reading program is designed to close the achievement gap between culturally, linguistically and economically deprived students and their peers. StoryBook Treasures is the first domestic partnership for JustWorld. The program was implemented at Pioneer Park Elementary School in Belle Glade, Florida. Belle Glade is a South Florida town with crippling unemployment, widespread poverty and persistent violence.

Nationally, two-thirds of students who cannot read by the fourth grade end up incarcerated or on welfare, and are four times more likely to drop out of school. StoryBook Treasures is designed to help children make vital comprehensive reading connections to literature while building a classroom and personal home library collection of books.

2017-2018 HIGHLIGHTS

- Literacy rates increased from 62% to 93% at a Loudon County, Virginia, Title 1 school where StoryBook Treasures was introduced. Title 1 is a federal program that provides funds to schools and school districts serving high numbers of economically disadvantaged children.
 - + This data supports the effectiveness of StoryBook Treasures' supplemental reading program and should prove the same success rates across Palm Beach County.
- With the implementation of StoryBook Treasures' pilot program at Pioneer Park Elementary, there was full participation from Kindergarten-Grade 1. Each teacher received professional development and the StoryBook Treasures curriculum to incorporate the program within their class; each student received five books to use in class and then take home to grow their home library, expanding their literacy skills during and outside of school hours.

“One of the most valuable components of StoryBook Treasures is the opportunity for students to be able to build a home library. Reading on grade level by third grade is an important milestone in students’ academic careers and a major factor in determining their success. Teachers who were part of the pilot program last year are excited to have the program return and see literacy rates improve.”

**PAMELA BUCKMAN,
PRINCIPAL AT PIONEER PARK
ELEMENTARY SCHOOL**

JUSTWORLD INITIATIVES

THE AMBASSADOR PROGRAM

JustWorld creates a unique opportunity for equestrians and individuals to learn about, experience and contribute to a global campaign against poverty. Since 2003, thousands of equestrians, from international judges, course designers and officials to hundreds of professional, amateur and junior riders, have raised awareness and funds in support of the JustWorld mission.

This year, the Ambassador program totaled more than 500 Ambassadors. As part of the emphasis JustWorld places on directly involving donors in the projects they fund, nearly 300 supporters to date have traveled to JustWorld projects (at their own cost) in Honduras, Cambodia and Guatemala.

MATCHING GIFT CAMPAIGN

JustWorld Ambassador family from New Jersey, The McNerneys, sponsored the JustWorld Year-End Giving campaign by generously matching all donations received up to \$15,000. Proving to be an encouraging factor for donor engagement, their initiative set a precedent for future end-of-year giving campaigns.

PHONE-A-THON

The first Phone-a-Thon was hosted at JustWorld Headquarters during the Winter Equestrian Festival. Ambassadors rallied in person and virtually, as the fundraiser broadcasted live via social media networks. The initiative successfully increased engagement with Ambassadors and donors, generating \$15,000 to support teachers' salaries at the JustWorld partner schools.

END-OF-YEAR AMBASSADOR FUNDRAISER

JustWorld launched the 2018 End-of-Year Ambassador fundraiser to support the nutrition program at Los Patojos. JustWorld utilized new fundraising technology allowing Ambassadors to create personal fundraising pages and rally their friends, family, and networks to help them reach their fundraising goals. By utilizing this new avenue, the fundraiser brought in more than \$23,700.

LEADERSHIP DEVELOPMENT PROGRAM

JustWorld is committed to making positive changes in the lives of children around the world, but recognizes that change begins at home. With this idea in mind, JustWorld began the Leadership Development Program. This program is designed to foster individuality and draws from each students' strengths, creating a lasting impact and investment in the philanthropic leaders of tomorrow. The Leadership Development Program brings together equestrians and youth from around the country to realize their own ability to have a positive change on the world while instilling practical leadership skills and greater knowledge of collaboration.

Participants of the program learn valuable communication, collaboration, and fundraising skills from expert guest speakers and are encouraged to further develop their philanthropic efforts. The multi-week program designed for youth, ages 13-18, culminated with a student-led finale where participants presented their research on a global concern and their proposed solutions. Students created a Public Service Announcement on their selected topic and learned the power of storytelling to convey their message. Students completed surveys after the conclusion of the program, highlighting that they enjoyed the engaging environment and were now more interested in global humanitarian issues.

THE FIFTEENTH ANNUAL JUSTWORLD GALA

The Fifteenth Annual JustWorld Gala presented by the Palm Beach Masters and Caryl Philips and Frank Zeiss, hosted at Belle Herbe Farm, January 15, 2018, was a remarkable night marking the achievements of JustWorld and raising vital funds. Thanks to the generous support of sponsors and more than 600 guests and through the success of both the live and silent auction and “Call to Heart,” the 2018 Gala raised just short of \$400,000.

THUNDERBIRD SHOW PARK

Seven years ago Thunderbird Show Park teamed up with JustWorld for their “Adopt a Project” campaign to support PIO school in Cambodia. Since then, JustWorld and Thunderbird Show Park have worked together to create fundraising initiatives to specifically support the Rice for Families Program at PIO. This year, not only did Thunderbird Show Park have the largest spectator crowds to date and one of the largest participating horse-counts, but they were able to surpass their goal of raising \$30,000 CAD to support an entire year of JustWorld’s Rice for Families Program in Cambodia.

LONGINES “CLEAR THE JUMP” PARTNERSHIP

Since the beginning of JustWorld’s partnership with Swiss watch brand Longines six years ago, their contributions have helped fund JustWorld nutrition programs. Through the “Longines Clear the Jump” initiative, where for each JustWorld jump cleared during a competition, Longines donates the equivalent in meals to JustWorld. This initiative has expanded to new horse shows around the world in 2018, including Jumping Longines Crans-Montana, Longines Masters of Lausanne and Longines CSIO St.Gallen in Switzerland and the Jumping Indoor Maastricht in the Netherlands.

THE PALM BEACH MASTERS SERIES

The Palm Beach Masters Series is a collection of high-performance show jumping competitions. This year, the JustWorld and Palm Beach Masters Series partnership brought exciting entertainment to Wellington with the JustWorld Kid Zone. This event was open to the public and there was no shortage of fun with activities including a jumbo slide, bounce house, horseless horse show, face painting, mini ponies, tasty treats, and much more.

THE AMERICAN GOLD CUP

Some of the world's most decorated show jumping veterans as well as up-and-coming stars battle for top honors at The American Gold Cup and for the sixth year in a row show organizers, Morrissey Management Group, chose to partner with JustWorld. During the family-friendly event, special activities took place including the JustWorld Horseless Horse Show sponsored by longtime JustWorld partner, Voltaire Design.

THE GREAT LAKES EQUESTRIAN FESTIVAL

JustWorld hosted fundraising initiatives again this year at the Great Lakes Equestrian Festival, another Morrissey Management Group event. Horse show participants were welcomed to a fun evening benefiting JustWorld - featuring a live band, balloon artist, a pie eating contest, a bounce house, and delicious food and drinks.

FLORIDA INTERNATIONAL YOUTH DRESSAGE CHAMPIONSHIPS

2018 marked the third year that the Florida International Youth Dressage Championships selected JustWorld International as their charity partner. Participants of the competition were introduced to JustWorld through a welcome dinner. The weekend's champions were awarded \$8,000 to donate to JustWorld, with the ability to select which JustWorld partner program they wished to make their donation.

BREYERFEST

BreyerFest is an annual three-day celebration attended by thousands at the Kentucky Horse Park, combining the excitement of a family festival with model horse activities. Named an official BreyerFest beneficiary, JustWorld was invited to host a JustWorld Horseless Horse Show. JustWorld activation helped raise awareness among participants, families and spectators about the JustWorld mission. BreyerFest donated \$7,500 to benefit JustWorld programs.

TRANSPARENCY AND RECOGNITION

JustWorld is committed to the highest level of transparency and accountability. Focused on financial diligence, operational efficiency, program results and strong governance, JustWorld has received endorsement and recognition for excellence from charity evaluation services and world-renowned vetting committees.

GUIDESTAR

JustWorld has received the Platinum Seal of Transparency, the highest level of recognition offered by GuideStar by reporting key metrics and results. GuideStar is the world's largest source of information on nonprofit organizations.

GLOBALGIVING

GlobalGiving provides nonprofits with the tools, training and support they need to operate more efficiently. JustWorld has been recognized for a high level of engagement with the GlobalGiving community and is a Top Ranked organization. JustWorld was also recognized as an Effective nonprofit for efforts shown to learn, improve and grow in terms of impact. :

VETTED JustWorld has been vetted by GlobalGiving's rigorous due diligence process since 2011.

SITE VERIFIED A GlobalGiving field traveler visited both People Improvement Organization in Phnom Penh, Cambodia, and Los Patojos in Jocotenango, Guatemala, and verified the sound practices JustWorld is supporting.

CNN HEROES AND WORLD'S CHILDREN'S PRIZE

The founders of JustWorld partner projects in Cambodia and Guatemala have been recognized as CNN Top 10 Heroes for their work to advance and improve the livelihood of children in their communities. CNN has received tens of thousands of submissions and profiled over 200 heroes since its inception.

Phymean Noun, founder of the Cambodian JustWorld partner project, was also commended by the World's Children's Prize and named Child Rights Hero of the year for her fight for the children who scavenge garbage dumps in Cambodia, and their right to education.

These awards are a testament to the impact the JustWorld partners are making and continues to spread visibility and awareness of these powerful programs.

FINANCIALS: LEADING CHANGE THROUGH STRONG FINANCIAL MANAGEMENT

JustWorld receives revenue through contributions garnered at its annual fundraising Gala, events hosted at horse shows, and from individuals, Ambassadors, corporations, foundations, and trusts. Total revenue for the fiscal year ending 2018 totaled \$1,038,761.

The following financial figures can be found in JustWorld's IRS Form 990 and audited financial statements for 2017-2018.

OPERATING EXPENSES

JustWorld strives to keep operating expenses to a minimum. The JustWorld office is housed rent-free out of Belle Herbe Farm in Wellington, Florida, with only six salaried staff members. All members of the board of directors and advisory council are non-salaried volunteers. Low administrative expenses means we are able to focus resources on creating sustainable change where it matters most.

The Better Business Bureau has set a standard that nonprofits should spend no more than 35% of related contributions on fundraising. JustWorld surpasses this standard, with only 18% of total expenses for the fiscal year going towards JustWorld fundraising and management and general expenses.*

Fiscal year ending 2017-2018, JustWorld received in-kind donations and professional services valued at \$65,996. Gifts in kind, also referred to as in-kind donations, is a form of charitable giving in which, instead of a donation of money, goods and services are donated.

* The relative percentages of program, management and general, and fundraising expenses are calculated based on the Statement of Functional Expenses shown in Part IX of IRS Form 990.

PROGRAM EXPENSES

JustWorld makes direct grants to trusted local partner organizations in Cambodia, Guatemala, Honduras and the United States.

The Better Business Bureau also set the standard that a nonprofit should spend at least 65% of its total expenses on program activities. JustWorld exceeds this standard, with 82% of its total expenses allocated to its program expenses in the fiscal year.*

JustWorld Europe distributed more than \$22,000 from local donations and a fundraising gala directly to JustWorld partner PIO in Cambodia, thereby decreasing the JustWorld budgetary expenses. While not reflected in the 2017-2018 Independent Auditor's Report of Financial Statements and IRS Form 990, these JustWorld constituent-derived donations help to build effective and long-term partnerships.

In addition to the shared support received from JustWorld Europe, JustWorld has been able to modify its budgeted outflow in response to the program support sent directly to partner organizations. JustWorld routinely seeks worldwide support for its mission and was responsible for generating in excess of \$87,000 directly from countries that host JustWorld partner organizations.

EXECUTIVE DIRECTOR'S CLOSING REMARKS

As we close the 2017-2018 fiscal year, we look forward to taking the momentum and growth of the organization into the year ahead. We celebrate 15 years of transformations in some of the most impoverished areas of the world. The goal is to grow the JustWorld portfolio and reach more students who need help.

To reach this goal, JustWorld will take the success of the first domestic pilot program and expand the program to Grades K-3. JustWorld will also continue to expand its corporate donor base, contributions from foundations, and major gift programs in order to fund the growth of the JustWorld programs around the world.

We thank you for your support and look forward to continuing to create change together for children globally.
